

Certificate No.:	No. of pages:	Valid from:	Valid to:
S 824004	1/7	13.06.2024	12.06.2027

Design, manufacture, test and inspection of water- and foam extinguishing systems, gas and powder extinguishing systems, fire alarm detection and control systems as well as projection, installation, servicing and product sales including passive fire protection

Render of research and development services for fire protection and security features, as well as corresponding services

Management of installation staff, installation services,
planning and realisation of internal schooling and training
activities

Production of piping for fire protection systems

Certification basis:

DIN EN ISO 9001
Quality management systems
Requirements
Edition September 2015

Quality management documentation of the approval holder

Köln (Cologne), 11.06.2024

[Signature]

Dr. Reiner Mann

i.V. Brose

Head of the VdS Certification Body

This certificate is exclusively valid
for the quality management system
within the indicated scope.
The present validity can be verified
under www.vds.de.

This certificate does not include any information about a VdS approval of installers, security companies, products, procedures or similar. For this purpose separate evidence is required.

This certificate shall only be reproduced without any modifications and including all enclosures. During the entire validity of the certificate the quality management system of the organisation shall meet the requirements of the certification basis. This will be examined by VdS Schadenverhütung at a regular basis.

Any advertising with this VdS approved quality management system shall reflect the correct contents of the certificate and shall not violate the competition regulations.
